

INTERACTIVE BOARD

iTBoard

Portable Easy Multi Writing / Multi User

Using infrared technology, Interactive Board Portable Easy can be used on any solid media which has non-reflective flat surfaces such as blackboard, whiteboard, wall, etc. It transforms those surfaces into interactive whiteboards.

Using stylus as a computer mouse, you can access any function of PC / laptop from the surface where Interactive Board Portable Easy shoots to.

We are especially proud of Interactive Board Portable Easy's multi-writing function which supports more than one person writing at the same time on incorporated software. It accomodates up to 32 persons

Interactive Board Portable Easy is of small volume so it is easy to carry to different places of meeting, classes, or presentations. Should a permanent solution required, Interactive Board Portable Easy can be mounted to the ceiling. It can also be attached to underside / upperside of a ceiling-mounted projector.

Application:

INTERACTIVE BOARD

Specifications

Signal Receiver			
Movement Detection Technology	Infrared	Projection Size	Recommended Signal Reception Distance
Active Area (max projection size)	150 inch diagonal	56 inch	160 cm
Active Area (horizontal angle)	33 +/- 2 degrees	68 inch	210 cm
Active Area (vertical angle)	0 – 30 degrees	70 inch	230 cm
Calibration Technology	Infrared Positioning	75 inch	250 cm
Active Distance (from projection screen)	1.5 m ~ 5 m	85 inch	280 cm
Connectivity Interface	1XUSB (distance ~40m)	92 inch	320 cm
Power Requirement	DC 5V (from USB port)	Stylus Pen	
Power Consumption	< 1.5 W	Movement Detection Technology	LED Light
Weight	150 g	Power Requirement	3V CR123A x 1
Dimension	8.4 x 6.6 x 3.9 cm	Pen Body Dimension	13.8cm(L); 2cm (diam)
Extendable Pointer (Optional)	E-Pen (Electronic Pen)	Weight	60g (with battery)
Movement Detection Technology	LED Light	Extendable E-Pointer (optional)	
Control Buttons	2 buttons	Movement Detection Technology	LED Light
Power Requirement	3V CR123A x 1	Control Buttons	1 button
Pen Body Weight	50 g(with battery)	Power Requirement	3V CR123A x 1
Pointer Extendable Length	34.5-57.5cm (Length) ; 1cm (diam)	Pointer Weight	60g (with battery)
Pointer Weight	45g	Pointer Extendable Length	32.5-63cm(Length); 1cm (diam)
